

START—As racer enters Bog. (different start time for each racer)

Time in Bog Limit: We need to time each racer that enters the Bog and, if they exceed 15 minutes in the Bog, we tell the Kinetic Kop who will tell them to push their racer out of the Bog. We need to keep track of the actual time each racer takes in the Bog and enter it on our time sheet to report. Keep a separate list of all racers and their time through the Bog to give to the Judges at the Bog.
