

## What would Jesus do?

While in the seafood store today I noticed a extra large checker game. On the checker board was a square with the letters WWJD. Being out of the loop concerning religious marketing I wondered what the letters meant. Upon closer observation I noticed the saying "What Would Jesus Do" (WWJD). While I was pondered this saying I heard the Spirit say "About checkers I can't say but about this I will say; It is by my great and precious promises that you are able to partake in the divine nature and the question is not "what would I do" it's what have I done, because my work is finished.

And this is what Jesus did:

He bore our punishment that we might receive His forgiveness!

He was wounded that we might be healed!

He bore our sins that we might receive His righteousness!

He suffered death that we might live His life!

He bore our curse that we might receive His blessing!

He became poor that we might receive abundance!

He bore our rejection that we might receive His acceptance!

He bore our shame that we might receive His Glory!

That's good news so anyone for checkers?

God bless you all in the wisdom and knowledge that is in Christ Jesus.

Brother Robert
